NB: All our clubs are overseen by staff and volunteers who will help you to have an enjoyable time. If you are worried about coming on your own, talk to our staff and they will meet you as you arrive and introduce you to the other club members. For health and safety reasons we will require you to complete a registration form before joining a club which asks questions about your health and emergency contacts. This is so if you are taken ill during your time at the club, we can give the relevant professionals the information they require to help you. None of our staff or volunteers are registered to provide care, therefore if you require assistance with mobility, eating or going to the toilet you will need to organise a carer to attend with you. This could form part of a Social Services Care and Support package if you have one. Our clubs have disabled facilities onsite and have ramp facilities (if required).
