

Age UK Sunderland Job Description

Post: Community Integrated Teams (CIT)
Living Well Link (LWL) – Social Prescriber

Contract Type: Permanent

Location: The City of Sunderland with an HQ at Age UK Sunderland (AUKS) Bradbury Centre, Stockton Road

Responsible to: Programmes Manager

Accountable to: AUKS

The purpose of the Living Well Link Social Prescribing Service is to put older people in personal control of their health & wellbeing and provide them with integrated care and support in their local community, focusing on prevention of ill health and the promotion of wellbeing.

The service enables older people to have improved health outcomes and independence whilst reducing the burden on NHS services in Sunderland through the reduction in need for GP visits, Out of Hours Contacts, emergency admissions/readmissions etc.

Key working Relationships:

- Statutory and Community based providers
- Integrated Care Teams
- Older people aged 65+
- Carers and Carer Organisations
- Other clinical and non-traditional provider groups as required

Purpose of the post:

The post provides an interface between voluntary sector provider organisations and service users, health and social care multi-disciplinary teams (MDT) and other statutory bodies. The social prescriber will support individuals to self-manage their needs. The post holder will work in a designated Sunderland locality visiting older people in their homes as well as other community settings. Many older people will have complex health needs and the service will focus on practical support to encourage the utilisation of services within the local communities.

This may include:

- **Assisted signposting** to services in the community that help maintain older people's health & wellbeing such as leisure & learning, social groups etc.

- **One to One Support** to help with issues such as arranging for support to access appointments, travel, access to community care assessments (or carers assessments), where appropriate advise on main choices regarding personal budgets and helping with domestic support etc.
- **Social Contact** to establish support from befriending services for those in social isolation or risk of and make referrals to appropriate internal and partner services
- **Interim support** to help support the older person whilst other support is put in place

The post holder will also identify unpaid carers and enable access to appropriate services.

Key Responsibilities

The post holder will be an excellent communicator and develop a wide knowledge of the services offered by non-traditional providers. The post holder will require strong organisation skills, must be flexible in approach, able to exercise initiative and demonstrate a consistently high standard of professionalism, being aware of the need for confidentiality and integrity.

Tasks:

- Liaison with Community Integrated Locality Teams
- Assessments & home visits
- GP & professional liaison
- Patient information gathering & analysis to provide a holistic plan of support (social, financial, health & wellbeing etc.)
- In depth knowledge gathering on available services (community & statutory), multi-disciplinary services etc.
- Publicity & promotion of offering
- Record keeping, monitoring & evaluation
- Identification of step up care and safeguarding
- Identification of gaps in services to inform future development

Key skills

Integrated Care Coordination

- Signposting older people to the multitude of support services that are available through voluntary and statutory providers tailored to the person's specific needs
- Be the point of liaison for service users and carers principally with voluntary sector providers as well as useful commercial services, and liaising with other statutory professionals involved in patient's care
- Delivering case work to support older people to reach specific goals in accordance with KPIs
- Promote the independence & empowerment of older people
- Build strong relationships with partners and providers
- Deal in a professional, helpful & sensitive manner with older people, staff, carers & other agencies.

Information and Data Coordination

- To be proficient in using Microsoft office packages and other identified IT systems and support other team members in their use
- To record relevant patient documentation on identified IT systems as required in line with GDPR requirements
- Facility for learning new software packages which may be in continued development
- Maintain Excel, Charity Log and other databases to input patients' engagement
- Support completion of patient referrals, record electronically and feedback to team members
- Input data onto the patient information management systems to update patient details, and periodically use reports to ensure patient details are correct
- Extract caseload information from the patient database as required for reporting purposes
- Be responsible for updating the electronic service directory on a regular basis, sourcing referral criteria and ensuring these are accessible to all relevant parties

Patient Support

- Ensure older people's requirements are managed smoothly with no fragmentation in service delivery.
- Ensure appropriate actions from Multi-Disciplinary Team (MDT)/Integrated team meetings are completed in a timely fashion.
- Communicate with members of the MDT/Integrated teams as required.
- Communicate effectively with older people and their families/carers, other staff both internal and external and members of the public.

General

- The post holder must at all times carry out duties and responsibilities with due regard to the organisations' equal opportunity policies and procedures.
- The post holder must at all times respect patient confidentiality and, in particular, the confidentiality of electronically stored personal data in line with the requirements of GDPR/Data Protection Act.
- The post holder is expected to take responsibility for self-development on a continuous basis, undertaking on-the-job training as required.
- The post holder must be aware of individual responsibilities under the Health and Safety at Work Act, and identify and report as necessary any untoward accident incident or potentially hazardous environment.
- The post holder will ensure they accurately represent Age UK Sunderland and ensure the values of Age UK Sunderland are upheld at all times in carrying out their work
- The post holder must act as a Safeguarding alerter in line with AUKS policy
- The post holder must work in general accordance with the organisation's policies and guidelines at all times..

This job description is intended as a guide to the main responsibilities of the post and not as an exhaustive list of duties and tasks. The post holder may be required to undertake other duties appropriate to his/her grade, which are not listed above, at the direction of AUKS Chief Executive Officer. The job description may be amended from time to time after consultation with the post holder.

This post is subject to a Disclosure & Barring Service (DBS) Enhanced check.
