Supporting people in the early stages of dementia and their carers

Support for people in the early stages of dementia

There is a wide range of information and support that is available and our staff can help with any questions you may have about issues that are important to you.

Support for carers

We recognise the vital role of carers and the impact caring for someone with dementia can have.

Our staff can offer a listening ear and provide information, advice and guidance. You can also meet other carers in a similar situation.

What is the Essence Service?

We aim to keep the 'Essence' of the person for as long as possible and support people to stay active, remain independent and access mainstream community activities and services. The Essence service holds a range of activities and drop in sessions across the City of Sunderland.

Quotes from people who have used the Essence Service:

"It helps keeping in touch with other people in the same situation."

"It is so nice to know that there is always someone to speak to at Essence it's like having a 'good friend'."

"Thank you to all the staff at Essence. Your work is an invaluable asset to all."
