What will happen if we can't provide the service you require?

Sometimes people come to us with problems that we do not have the expertise or knowledge to help with. We are unable to provide consumer debt advice, financial advice or immigration advice.

In these cases, we can provide you with basic information and direct you to another organisation for further help. Where possible we will give you a selection of organisations to choose from and we will either signpost or refer you to them.

When signposting, we will give you the organisation's contact information so you can contact them yourself. When referring, we will contact the organisation on your behalf, arrange an appointment and provide them with copies of any documents already completed by our service. We will always get your permission before referring you to another organisation.

Sometimes, when advising you we will reach a point where we don't have the expertise to pursue your case any further. This most commonly happens when there is a need to challenge a welfare benefit decision. We will refer you to another local advice service that can help you if this happens.

How our service treats its clients

We follow five key principles when delivering our service.

The service is provided free of charge.

You won't be charged for any of our information and advice. If we signpost or refer you onto another organisation, we will tell you if there is any charge for their service. While we provide help free of charge, running the Information and Advice Service is expensive and only some of the money to do this comes from external funding. Any donation you can make will be greatly appreciated. If you wish to donate, please ask one of our staff or volunteers about Gift Aid.

The information and advice we provide is independent of any outside influence.

We will never recommend a service or provider to you, including Age UK Teesside's own services. Where possible we will always provide you with a choice of alternatives and help you make an informed decision. We're not bound by local or national government policies and will always advise you on what's best for you rather than what's best for the Council, the Department for Work and Pensions, Age UK or any other organisation. We will never advise someone to do anything illegal or fraudulent. We will immediately stop advising anyone carrying out illegal or fraudulent actions and may notify the appropriate authorities.

All information is confidential.

- they insist on taking an illegal or fraudulent course of action
- we are contacted by a statutory body about a client who is being investigated for suspected illegal or fraudulent activity
- we are concerned that someone involved in a case is at risk of significant harm. In this case we may notify a relevant statutory body, for example social services or the police.
