

EQUALITY & DIVERSITY POLICY STATEMENT

Age UK Wakefield District's purpose is to promote the well-being of all older people and to help make later life a fulfilling and enjoyable experience.

We are opposed to any form of discrimination practices against individuals or groups of people and will make every effort to prevent direct, indirect or unintentional discrimination against its employees, volunteers and service users and those who approach the Organisation for employment, volunteering opportunity or as service users.

We will ensure that our work in the community reflects our commitment to equality and diversity and to the promotion of an inclusive society.
