

Take Home & Settle

Providing you and your loved ones with a safe journey home from hospital, and practical support upon arrival.

Do you need help getting home from hospital or support when you arrive? Our Take Home & Settle service can help you or a loved one.

Our THS coordinators can support you during the journey home and with practical support once you are back at home. Our service aims to leave you feeling safe and comfortable. The service is provided by AUKWSBH, in partnership with Guild Care and covers all West Sussex acute and community hospitals and East Surrey hospitals for discharge into West Sussex.

Support can include...

- A safe journey home from hospital and help with unpacking your bag
- Checking the food in your fridge is still fresh and doing a small local shop if required
- Checking that your care line is working
- Signposting or referring you to other support services including our Support at Home after Hospital service

How do I access this service?

This service is available for anyone over 65 who may live on their own or have limited support – it's also for family and friend carers. It is available to people living in West Sussex, and is free of charge to those that need it. **To access this service, please speak to a member of hospital staff who will make a referral to our on-site co-ordinators.**
