

Digital Skills service

Affordable one-to-one digital support
in your own home.

Would you like some one-to-one digital support in the comfort of your own home?

AUKWSBH can connect you with a Digital Skills Helper who will provide one-to-one support in your own home, enabling you to become confident and independent using technology such as mobile phones, tablets or laptops. You let us know what kind of support is required and we will tailor our service to meet your needs. It may be a one-off visit to help set something up, or you may prefer longer term help – it is entirely your choice.

We can help with:

- Setting up a new mobile phone, computer, laptop or tablet.
- Connecting to friends and family with video calls, emails or social media.
- Online shopping or booking tickets.
- Setting up GP appointments.
- Support with specific apps and programs like Microsoft Office.

How does it work?

Anyone aged 50+ in the West Sussex Brighton & Hove area is welcome to access our service by calling or emailing us. The service costs **£17 per hour**, paid to the helper and an annual service charge of just £50, payable to AUKWSBH. All our helpers are self-employed and are police checked and have their own insurance.
