Purpose of the role

In an ever growing technical world, many older people are finding hard to stay in the know and lack digital understanding. Our computer tutors help older people extend their digital skillset, as well as introduce complete beginners.

Main activities of the role

- Assist with 1-1 digital tutoring
- Help create a warm, friendly environment
- Tutor in a patient, calm and polite manner
- Greet clients and welcome them to our classes

Personal qualities, experience and skills

You need to have some previous experience and be computer literate for this role. You will need good communication skills, empathy, patience and a caring and polite attitude. Being able to work as an individual and understanding confidentiality is essential.

Our commitment to you

We will provide you with: relevant induction and training, ongoing support, reimburse reasonable travel costs and invite you to our group events.
