Registered charity number 11183446

IDBOS377 09/15

## **Hello and Welcome to the Home Services Directory**

Age UK York has been providing support and services for older people for nearly fifty years. This Home Services Directory is just one of many services we offer. Thanks to support from City of York Council as well as our partners we are able to deliver a range of services through the Older People's Community Support Service. We are delighted to continue our partnership with City of York Trading Standards.

Any enquiry for work undertaken or any contact with traders is between yourself and the trader. We do not hold contracts with traders and it is between you and the trader to ensure you get the correct response. Naturally where work has been done then we can offer a dispute resolution procedure working with City of York Council Trading Standards details of which you will find on the following pages. We endeavour to recruit traders to the HSD who will operate in a fair way but we are not responsible for their actions nor can we speak on their behalf.

I am delighted that we have developed such great partnerships to allow us to play a leading role in the city for older people. It is a measure of the quality and commitment of the traders involved which results in very few complaints. As we continue to grow, our key values are reflected in everything we do at Age UK York and within the Home Services Directory.

Sally Hutchinson  
Chief Officer  
Age UK York

## **What is the Home Services Directory?**

Age UK York is working in partnership with the City of York Council Trading Standards to produce a vetted list of traders. This has been produced specifically for older and vulnerable people.

The traders in the directory have agreed to abide by the terms and conditions of the scheme to ensure you are dealt with fairly. Members of the scheme also sign an undertaking to trade fairly and adopt certain working practices. The aim is to ensure a level of service which reflects good practice.

## **How can the directory help me?**

The directory provides you with details of vetted traders to choose from.

## **What kinds of traders are included?**

They can be sole traders, small or large companies within the local area.

For example you might need someone to:

- Fit a bathroom, kitchen or bedroom
- Install double glazing, central heating or a burglar alarm
- Maintain the garden and driveway
- Decorate or carpet a room

These are just examples; whatever jobs you want doing in the home or garden, always use a trader from the Home Service Directory.

## **What if I am not satisfied with the work done?**

If in the first instance you should take this up with the trader directly. If you cannot resolve the problem you can contact trading standards for help in writing or telephone via the Citizens Advice consumer helpline. The contact details are given below.

## **How can I get details of traders in the directory?**

As well as being in this printed Directory you can also find the details on the Age UK York website at [www.ageukyork.org.uk](http://www.ageukyork.org.uk). The Home Services Directory is produced several times a year and details may change. Please check with Traders that you have their latest details.

## **How have the traders been vetted?**

Checks are carried out with

- Trading Standards
- Registry of County Court judgements

Age UK York also check references from customers, insurance documents and

paperwork used by the trader. All traders in the directory have signed up to trade in accordance with terms and conditions set by Trading Standards.

### **Will it cost me anything to use the directory?**

No. You do not pay for details of the traders in the directory. Any arrangement you enter into with the trader is between the trader and yourself and you pay them directly for any work carried out.

### **And remember...**

- Do make sure you know what the work will cost and there are no 'hidden' Extras
- Do ask if there is a call out or diagnostic charge
- Do get quotes in writing from two or three traders for work to be done. The quote should say exactly what work would be done. Find out whether VAT is included in the price
- Do keep a note of the trader's name, address and telephone number, so you can contact them if problems arise
- Do contact **Citizens Advice consumer helpline on 08454 04 05 06** if you have a complaint about a trader that you are unable to resolve
- Don't be pressurised into having work done by traders who knock on your door or telephone you out of the blue
- Don't pay the bill in full unless you are completely satisfied with the work carried out. Staged payments may be advisable for larger jobs

### **How we can help**

We will help older and vulnerable consumers resolve disputes or difficulties with a trader selected from this Directory through our dispute resolution procedures. Please call **Citizens Advice consumer helpline on 08454 04 05 06** or **AgeUK York on 01904 627995** for dispute resolution queries. Alternatively notify **Trading Standards** of your dispute by writing to:

City of York Council Consumer Advice  
Service Trading Standards

Hazel Court Eco Depot, James Street, York YO10 3DS

If you require a full copy of the terms and conditions please contact Age UK York or by following the links to the Home Services Directory from the Trading Standards section of the City of York Council website.
