Remap
making things possible

Hello and Welcome to the Home Services Directory

Welcome to the latest edition of the Home Services Directory. The directory provides a list of traders who have been vetted by Age UK York and City of York Council Trading Standards so that you can have confidence in their trustworthiness and their ability to do the job they are offering.

The directory is developed by Age UK York to support older people although anyone can use the directory and the more widely it is distributed, the more traders are likely to become part of the scheme, making it even more useful.

Age UK York has been supporting older people in York for over fifty years. The Home Services Directory is just one of many services we offer. Further details can be found the end of the directory. Do get in touch if you or your friends and relatives might benefit from any of our services.

Age UK York
November 2022

Age UK York
St.Edmund's House, Margaret Street
York
YO10 4UX
01904 627995

Age UK York is a registered charity.
Charity Number: 1118346.
Company number 6006449

What is the Home Services Directory

Age UK York works with City of York Council Trading Standards to produce this list of vetted traders. These traders have agreed to abide by the terms and conditions of the scheme to ensure you are dealt with fairly. Members of the scheme sign an undertaking to trade fairly and adopt transparent working practices. The aim is to ensure a level of service that reflects good practice.

How can the directory help me?

The directory provides you with details of vetted traders for a wide variety of services. You can contact anyone you feel would be suitable for the work you need doing.

What kind of traders are included?

The directory includes a range of traders including sole traders, small and large companies within the local area. You might need someone to

- Adapt your bathroom or kitchen
- Fix your boiler
- Maintain your garden
- Decorate a room

These are just examples. The traders in the directory offer a range of services and we are constantly looking to expand this range.

How are the traders vetted?

Checks are carried out with the:

- Registry of County Court Judgements
- Disclosure and Barring service
- City of York Council Trading Standards

Age UK York also check references from customers, insurance documents, websites and paperwork used by traders. All traders have signed up to trade in accordance with the terms and conditions set by Trading Standards.

Does Age UK York arrange for the work to be done?

No. You contact the trader directly and any agreement for work to be undertaken is between yourself and the trader. We do not hold contracts with traders and it is between you and the trader to ensure you get the work done that you need. You pay the trader directly for any work they do. Age UK York endeavours to recruit traders who will operate in a fair way but we are not responsible for their actions nor can we speak on their behalf.

What if I am not satisfied with the work done?

In the first instance you should take this up with the trader directly. Let them know why you are unhappy and hopefully you can resolve the matter. If you cannot resolve the problem this way you can use Age UK York's Dispute Resolution Process by calling Age UK First Call on 01904 634061. All the traders in this directory have agreed to use the Dispute Resolution process in the event of disagreement.

How can I check the details in the directory are up to date?

The directory is reprinted regularly but always check with the trader that their details are still current. The most current version of the Home Services Directory is also available on the Age UK York website at www.ageukyork.org.uk

Remember:

- Do make sure you know what the work will cost and there are no hidden extras
- Do ask if there will be a call out or diagnostic charge
- Where possible get quotes in writing from two or three traders for the work to be done. Check whether VAT is included in the price.
- Keep a note of the trader's name, address and telephone number so you can contact them if there is a problem.
- Don't be pressurised into having work done by traders who knock on your door or telephone/email you out of the blue.
- Don't pay the bill in full until the work is completed to your satisfaction. For larger jobs it can be useful to agree staged payments before the work commences.
