

Care Home Visiting Support Volunteer

At:

An exciting new role, designed to make a real difference by bringing together residents and their family or friends.

We need your support to facilitate indoor visiting, which will have a positive impact on the health and wellbeing of residents and their loved ones.

What would I be doing as a care home visiting support volunteer?

- Supporting the Care Home with arrangements to facilitate visiting
- Welcoming visitors on the day, ensuring use of distancing, masks and sanitiser as appropriate
- Escorting visitors to and from visiting areas
- Other activities that support smooth and safe visiting.

We're keen to attract volunteers who can dedicate one or more sessions per week depending on availability.

**Full training and ongoing support provided.
Subject to regular lateral flow testing as required.**
