

Looking after someone's pet

If you need to walk the pet of the person you're helping, please follow the guidance below:

- You should wash your hands before and after handling the pet.
- You should try to walk the pet on a lead at all times and avoid direct contact with other people and animals.
- You should safely hand over a pet at the front door or hallway and avoid contact with the pet's owner.
- If you're walking a pet from a household that is showing symptoms of the virus, you should make sure that the pet does not mix with animals from other households.

If you're not able to walk the pet yourself, organisations such as the Cinnamon Trust may be able to help: 01736 757 900
