

Welcome to **Age UK Perkz**

Age UK Perkz is an amazing and exclusive discounts programme that is only available to employees at Age UK . The savings are big, the offers are genuine and it can help you save hundreds of pounds on pretty much everything you spend on. This covers everything from groceries and day to day essentials through to big purchases, family holidays, electronics and home utilities.

How do I get started?

Age UK Perkz is so easy to use, you'll be watching your pennies grow in no time. We've put everything you need to know on the website but you don't necessarily need to be on a computer to use it as it works brilliantly on your smartphone and tablet too.

Simply visit ageuk.rewardgateway.co.uk on any device to get started.

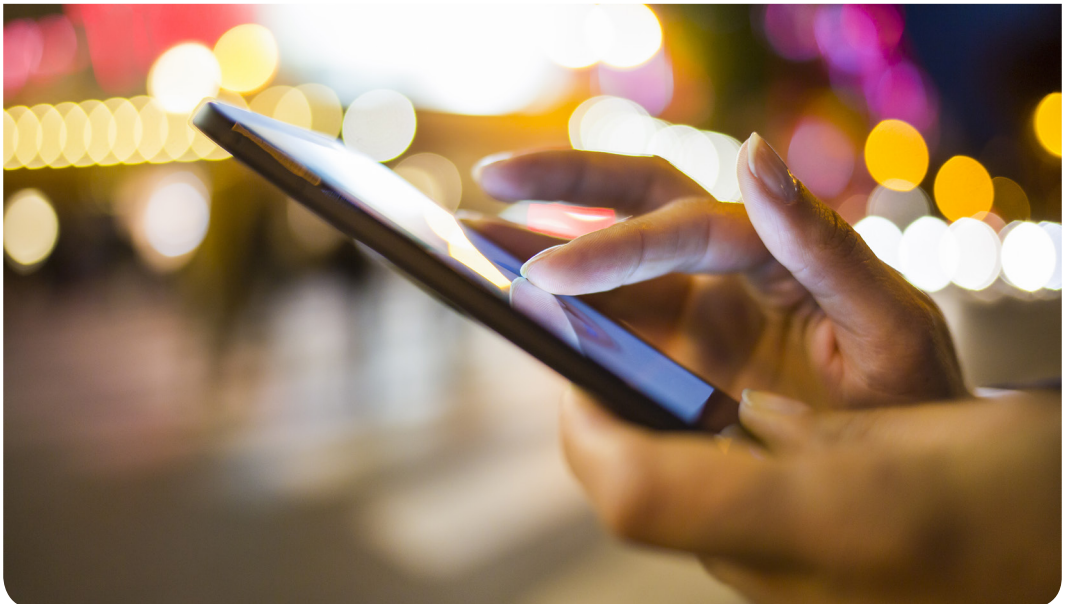

Once you've logged in to the site, you can search for specific retailers or browse retailers by category or type of offer. We'll always showcase that week's best offers on the homepage too so look out for the top deals each week.

Once you have clicked on your retailer of choice, you will be able to see all the different offers you can use at the specific retailers and how each of these offers works. Then you can simply select the offer you would like to purchase and follow the prompts to complete your purchase securely.

To use the programme on your smartphone simply follow these steps:

1. Open your web browser using your smartphone and enter the URL ageuk.rewardgateway.co.uk
2. This will take you to the website which will function just like an app on your screen
3. Save the link to your homescreen for easy access anytime, it will look just like an app and have the logo for Age UK Perkz

Now that you have Age UK Perkz saved on your mobile you can shop and save on the go wherever you are.

How much money can you save with Age UK Perkz?

The average person saves around £1,000 a year but the amount you will save will depend on just how much you use the programme. Here's a great example of how you could maximise your savings in the first year alone:

The weekly supermarket shop	Save £240 every year Based on an average discount of 5% and a weekly shop of £100 a week	  
New clothes	Save £180 every year Based on an average 10% discount and spend of £150 a month	   
Caffeine hit	Save £150 a year Based on an average 10% discount and spend of £30 a week	  
Broadband & TV	Save at least £128 Based on a typical Cashback reward for switching your provider	  
Days out & entertainment	Save £240 every year Based on an average 10% discount and spend of £200 a month	   
Health & beauty	Save £60 every year Based on an average 10% discount and spend of £50 a month	  
Mobile phone	Save £50 or more Based on a typical Cashback reward for switching your provider	 
Books, DVDs & magazines	Save £63 every year Based on an average 7.5% discount and spend of £70 a month	  
Insurance	Save £60 or more Based on a typical Cashback reward for switching your provider	  
Family holiday	Save £80 or more Based on an average 8% discount and cost of £1,000 for a family holiday abroad.	   

TOTAL SAVINGS IN ONE YEAR: £1,251

If you prefer to do your shopping instore, then our reloadable shopping cards are perfect for you.

A reloadable card is basically the same as a gift card you might buy at the checkout with one amazing difference - every time you add some spending money to the card you get a nice big discount on top!

So, for example, Boots offer you a 10% discount using a reloadable card, so for every £100 you put on the card it will only actually cost you £90.

You order your reloadable card once and then top it up any time you like to keep enjoying the same discounts. And because we'll send them to you in same day, first class post you'll never be waiting long to be able to go make that purchase!

In-store simply present your card to the cashier for payment and they will process your order the same as if you were paying with a gift card, then return the card to you for the next time you shop. The best part is that you can use your reloadable card in conjunction with any other In-store promotions and sales too, plus if you collect loyalty card points or bonuses with that particular shop you can still do that too.

The beauty of the reloadable store cards is you can order up to 4 cards per retailer. So, you could order additional cards for a relative, or a friend. (They make great Christmas presents too!)

Reloadable cards are available for most of the major high street stores as well as supermarkets, restaurants and coffee shops too.

You wonder if your wallet is going to be bulging with all of those different cards?

You can choose to get a reloadable card specifically for one retailer (and sometimes you get an even bigger discount that way!) however if you like the convenience of one card for many retailers then we've got just the thing for you.

The EasySaver™ Card is a special reloadable card that can be used at more than 40 different popular retailers including Marks & Spencer, Waterstone's, HMV, Debenhams, Matalan and Iceland. You can use this card to pay for goods in any of those stores and top up whenever you like as you would with other reloadable cards.

You get a fantastic 7.5% discount on all top-ups but even better this special card is almost instant with an average top-up process time of just 15 minutes.

How long does it take for money to be loaded onto a reloadable card?

We're really proud to say that the reloadable cards are super speedy to load and if you top-up your card before 11am it will be ready to use the very next day. (The EasySaver™ Card is even speedier with just a 15 minute load time!)

However, if you want to shop In-store and overnight won't cut it, our instant vouchers might be the perfect thing for you.

An instant voucher is similar to a reloadable card, however rather than sending you a physical card in the post we'll send you your voucher instantly as either a PDF, onscreen code or even an SMS text. Show this voucher or code to the cashier to pay in exactly the same way you would with a reloadable card.

If you're in a store and spot something you want to buy you can order and pay with an instant voucher in a matter of seconds using the internet on your smartphone or tablet.

No waits guaranteed.

Instant vouchers are available for lots of different retailers and we're adding more all the time. This is just a small selection of the instant vouchers you can enjoy today:

How can you save money when shopping online on Age UK Perkz?

By using Age UK Perkz you can earn Cashback with every purchase, which is like a nice cash reward from the retailer to thank you for shopping with them.

Cashback can be awarded as either a set figure or a percentage of what you spend, and sometimes there can be multiple options for each retailer which might seem confusing, however the amount of money you save really makes it worth it.

For example, with this example you will get a % of your total spend back as Cashback but the % available is different dependent on the type of purchase.

Terms & Conditions

To earn Cashback simply click the big green button and then you'll be taken to the retailer's website where you can continue to shop as normal. Your Cashback will show up in your account within a couple of days* and you can watch your pot grow every time you spend.

Whenever you're ready you can take your Cashback in whichever way works for you. You can either withdraw it directly to your bank account, with no minimum amounts and no charges applied, or spend it again through the site by purchasing reloadable cards or instant vouchers.

Cashback is available with a huge amount of online retailers, including these popular favourites:

*Cashback will initially show as pending but will be confirmed by the retailer in 120 days or less (usually less!)

Got some more questions?

We have a dedicated team behind Age UK Perkz that are here to help whenever you need them - that's why our Helpdesk operates **24/7, 365 days a year**.

You can speak to the Helpdesk team over the phone, via email or better yet using the instant LiveChat feature. Simply click the 'Help & Support' link on any page of the website to find out more.
