

Can you guess my 10k time?

For just £3 an entry, why not get involved and help raise money for Age UK.

Here's how it works:

- Host your sweepstake in person. If you've downloaded this game, you'll need to print it out.
- Ask each participant to guess a finish time for a suggested price of £3 per guess to create a prize fund.
- Once you've received your verified Leeds Abbey Dash finish time, present half of the total prize money to the person who guessed closest to your finish time and then donate the other half to Age UK.
- You can pay the money raised onto your Leeds Abbey Dash Enthuse online fundraising page or send us a cheque/cash to Events Team, Age UK 7th floor, 1 America Square, 17 Crosswall, London EC3N 2LB
